10 specifications of the product on the basis of said
11 specifications modifying information prepared in said
12 information preparing step.

1 Claims 7-10 (canceled)

1 Claim 11 (original): A product specifications modifying
2 system comprising:
3 a processor;
4 a memory for storing data and an activable program
5 code;
6 a buyer input unit for receiving the data input by
7 the buyer;
8 a display for displaying information to the buyer;
9 and
10 a data base storing the information on a plurality
11 of modifications made to the specifications of the camera
12 bought by the buyer and the actual modifying operations
13 corresponding to the modifications made to the
14 specifications;
15 upon being activated by the program code stored in
16 said memory, the system
17 (a) displaying the requests for a plurality of
18 modifications to be made to the specifications of the
19 camera;

20 (b) receiving at least one of the modifications to
21 be made to the specifications from the buyer;
22 (c) displaying the request for actual modifying
23 operations to be carrier out corresponding to the
24 modifications made to the specifications;
25 (d) receiving information on at least one of the
26 actual modifying operations to be carried out from the
27 buyer by way of the buyer input unit in order to redefine
28 the camera so as to meet the demand of the buyer,
29 (e) determining the final specifications of the
30 camera on the basis of the modifications made to the
31 specifications as received from the buyer and the
32 information on the actual modifying operations as
33 received from the buyer; and
34 (f) conveying the final specifications to the
35 buyer.

1 Claim 12 (original): A product specifications modifying
2 system comprising:
3 a computer readable medium;
4 said medium storing a computer operable program code
5 including executable commands,
6 upon being operated, said computer
7 (a) displaying the requests for a plurality of
8 modifications to be made to the specifications of the
9 camera;

10 (b) receiving at least one of the modifications to
11 be made to the specifications from the buyer,
12 (c) displaying the request for actual modifying
13 operations to be carried out corresponding to the
14 modifications made to the specifications;
